The company is currently looking for a post graduate student or a 3rd or 4th year computing student for database application development work on a 3 or 2 days per week basis in Perth office.

To be successful, the successful candidate needs to possess SQL server 2005 design and development skills in reporting, data analysis and data warehousing.

Profound knowledge and understanding of .NET development, MS Access, C++, VB.NET and ASP.NET including programming for business critical applications, enhancements and development are well regarded.

The person must work hard and be self motivated to be able to achieve tight deadlines. Excellent written and verbal communication skills are also required.

Please email your CV and academic transcript to : xinzhou@mtgibsoniron.com.au
